The Countryside and Landscape Service of Caerphilly County Borough Council helps to look after all the wonderful countryside! It's work includes landscape improvements, creating new habitats, ensuring trees are safe, monitoring and protecting wildlife, improving access for all and working closely with farmers and landowners.

We do all this so you can enjoy it! We manage 5 country parks, lead school and group visits, organise events and run a programme of guided walks. We work with artists to enhance open spaces and make sure our sites are well signed so you know where to go and if you fancy a healthy walk, why not check out our walk guides.
